How to use WUachieve Online Degree Audit
University College in Arts & Sciences
How close are you to completing your degree or certificate? Check your progress online with WUachieve.

- WUachieve is Washington University’s online degree audit.
- It can show you which courses you still need, and how your transfer credits apply to your major program.
- Thinking of changing majors? WUachieve can evaluate your credentials for a different program, too.
- Follow these steps to get started.
You can find WUachieve when you log in to WebSTAC.
Select WUachieve from the “Academics” menu
If you don’t see WUachieve in WebSTAC, go directly to the WUachieve Website

wuachieve.wustl.edu
At the WUachieve website, you will be prompted to log in to WebSTAC so the system can find your records.

---

**Login to WebSTAC**

Please use your WUSTL Key to login to WebSTAC. If you have not yet created your WUSTL Key you may still use your current SIS ID and Password. You will be redirected to the Create WU page.

Once you have created your WUSTL Key, you must use it to access all Washington University system applications where you see the WUSTL Key logo. Your old SIS Login ID will no longer be accepted. If you are using Safari on the Mac, click here.

---

**bSTAC News**

**A Note about Health Insurance**

Danforth Campus students are automatically enrolled in the student health insurance plan once they are registered as full time, degree seeking, in a day program. Those students have the opportunity to waive the insurance if they have a credible plan that meets waiver criteria (international students cannot waive). Eligible students have until 9/5/2017 to process a waiver. Students not processing a waiver before midnight Sept 5 will remain on the plan. Late waivers are not accepted.

**Students who would like to access their benefits prior to the Sept 5 waiver deadline must opt-in to insurance in order to obtain an insurance card.** Students who do not take any action will not have insurance cards available to them after Sept 5.

Go to the Health Insurance Plan web page for more information or to set up opt-in and waiver options.

---

**Voter Registration**

The Gephart Institute partners with TurboVote to offer free, convenient online voter registration in all 50 states. The platform also facilitates paper registration for states that require you to mail a completed form to sign and send in. If you are already registered to vote, you can request that TurboVote send text and email reminders before your local and national elections.

*If you’ve changed your address since you last registered to vote, it is very likely that you must re-register with your new address to assure that you are registered in the proper precinct and avoid any difficulty on election day.*
You may need to enter your ID number
Once you are logged in, click “Request Audit.”
When the audit has finished, you will see this screen. Please click “View Audit.”
Your audit results page will look like this:

   - PSY U20301 Introductory Psychological Stat
   - POL U20323 Introduction to Quantitative
   - MTH U20101 Introduction to Statistics
   - MTH U20313 Programming in C
   - MTH U20141 Topics in Precalculus
   - MTH U20142 Precalculus I
   - MTH U20155 Calculus I
   - MTH U20156 Calculus II
   - MTH 1300904 Advanced Statistics
   - MTH 1170131 This Art of Mathematical Think
This view shows requirements remaining, with suggested courses to satisfy them.
Here is what the checkmarks on the audit mean.
You can also consider a different major with a “what if” audit. First, request a new audit.
Choose “Select a Different Program.”
For school, select either Undergraduate or Graduate University College.
Next, choose your new major under “Degree.”
For Catalog Year, choose the year you were admitted.
Then click “Run Different Program.”
Questions?

• If you have questions or would like help with degree planning, please contact an academic advisor.
• You can make appointments by calling (314) 935-6700. Please tell us what you plan to study so we can connect you with the right advisor.
